**Blueprint**  
*for EDUCATIONAL CHANGE™*

2024 BLUEPRINT SUMMIT

# Sponsorship Opportunities

**E3 Alliance**  
Education Equals Economics

**Dear Friend and Supporter,**

**Did you know that taking advanced math in middle and high school greatly increases a student's chance for post-high school success and higher wages in the workforce?**

At E3 Alliance, we team up with education, business, nonprofit, and government leaders to raise the achievement of our Central Texas students through systems change. Math is just one example of the many ways we impact student lives. In 2021-2022 alone, we reached over 113,000 students! You can be an important investor in this work, too.

Our Blueprint Summit is one of the largest and most faithfully attended convenings of education-minded leaders in Central Texas. This year, we will explore how education backbone organizations like E3 Alliance can build a civic infrastructure that leads to stronger communities.

Please consider sponsoring the 2024 Blueprint for Educational Change Summit. **“The Power of Collective Action, Community, and Storytelling in Education”** takes place on Wednesday, September 18, 8 a.m. to 2:30 p.m., at the Texas Computer Education Association (TCEA) Conference Center in Austin.

As a sponsor, you get beneficial website and public recognition that reaches nearly 1,000 leaders in education. You will also gain valuable time to meet with 175+ attendees who are actively engaged in education systems work in Central Texas.

In a few weeks, you will receive a call to answer any questions you may have about becoming a sponsor. In the meantime, be sure to review our Menu and Enrollment Form. We ask for final sponsorship pledges to be submitted by no later than **Wednesday, August 14, 2024.**

Thank you for considering this opportunity. Please feel free to reach out to Karl Nichols via email at [knichols@e3alliance.org](mailto:knichols@e3alliance.org) or by phone 512-223-7094 with any of your questions or concerns.

Best Regards,

**Karl Nichols**

Vice President of Investor Development

Education Equals Economics

## About E3 Alliance

E3 Alliance is a nationally-recognized, data-driven collaboration of education stakeholders, including 15 Central Texas school districts, eight institutions of higher education, ESC Region XIII, and 200+ community partners working to advance “The Blueprint for Educational Change™.”

Our mission is to transform education systems through data and collaboration, so ALL students succeed. In 2021-2022 alone, we reached over 113,000 students!
